ABOUT US

Connecting Qatar to the World Through Reliable Logistics.

WHO WE ARE?

Fast International Logistics W.L.L is a "Ministry of Transport" licensed logistics and freight forwarding company based in the State of Qatar. Established in 2024, we provide integrated Air Freight, Sea Freight, Road Freight, Customs Clearance, Transportation and Project Logistics solutions across Qatar and international markets.

Supported by experienced logistics professionals and a strong global agency network, we provide reliable end-to-end solutions for general cargo, food and perishables, healthcare, oil & gas, chemicals, dangerous goods, fire & safety equipment and industrial cargo.

Delivering seamless and dependable logistics solutions across global trade routes.

Our People

Experienced professionals focused on responsive coordination & dependable service.

Our Commitment

Reliable, transparent and customer-focused logistics support from enquiry to delivery.

Our Strength

Practical logistics solutions supported by local expertise & international connectivity.

Our Goal

To build lasting partnerships by delivering consistent value, service quality and operational reliability.

OUR DIRECTION

At FAST INTERNATIONAL LOGISTICS W.L.L, our mission and vision define how we serve our customers, grow our capabilities and build lasting value through reliable, efficient and customer-focused logistics solutions.

Our Vision

To be a trusted, world class logistics gateway connecting East and West through service excellence and innovation.

Our Mission

To deliver fast, reliable, and seamless logistics solutions through professional expertise, strong global partnerships, proactive communication, and a customer - focused approach.

OUR COMPREHENSIVE SOLUTIONS

From freight forwarding and transportation to warehousing, distribution and customs clearance, we provide integrated logistics solutions tailored to each customer's operational needs. Our focus is on efficient coordination, reliable execution and seamless cargo movement from origin to destination.

1 Air Freight

Fast and reliable air freight solutions for time-sensitive cargo, with efficient coordination from origin to final destination.

We ensure smooth handling, timely updates and dependable support throughout the shipment journey.

2 Sea Freight

Reliable FCL, LCL and ocean transportation solutions designed for flexible and cost-effective cargo movement.

We coordinate shipments across international trade routes with dependable handling, timely updates and smooth delivery from port of origin to final destination.

3 Road Freight

Reliable road freight solutions for local and cross-border cargo movement, supported by flexible vehicle options and efficient route planning.

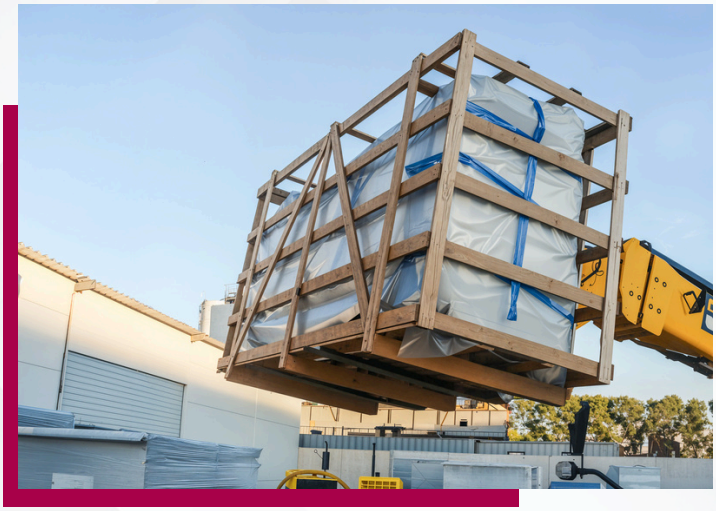

We ensure safe handling, timely coordination and dependable delivery to the required destination.

4 Customs Clearance

Efficient customs clearance support for import and export shipments, with careful documentation and coordination to help ensure smooth cargo release.

We focus on timely processing, compliance and minimizing unnecessary delays.

5 Project Cargo

Specialized project cargo solutions for oversized, heavy and complex shipments requiring careful planning and coordination.

We manage transportation, handling and delivery with a strong focus on safety, efficiency and operational control.
